

OUR NEXT SPEAKER
DR. KEN MARTINEZ

SEPTEMBER 6, 2018

NEUROLOGIST
MOVEMENT DISORDER SPECIALIST

Dr. Martinez is the neurologist for many of us in the SOC Support Group and one of the top Movement Disorder Specialists in Orange County. Dr. Martinez can speak to many aspects of PD and will be available for an enlightening Q and A.

The founder and director of the Neurology and Pain Specialty Center, Dr. Kenneth Martinez practices a team approach to the diagnosis and treatment of neurological disorders. Board Certified in Neurology and Headache Medicine, he is dedicated to making a full range of quality care easily accessible to his patients at his Aliso Viejo office.

Dr. Martinez grew up in Lake Forest, California. Early on, he showed an intense interest in science, and by high school, he had decided to become a doctor. “I wanted to combine my love of science with my desire to help people.”

After graduation from El Toro High School, he entered the University of Southern California and graduated *cum laude* with a bachelor of arts in biology in 1993. Four years later, Dr. Martinez earned his medical degree from the University of Southern California’s Keck School of Medicine. In 2000, he completed his internship and residency at the University of California San Diego Medical Center. From 2000 to 2001 he served as chief resident in the Department of Neuroscience at the same institution.
